[Pavillion Ph 1 & 2.xlsx](#)

Deb,

I have combined the VOCs and sVOCs on single tabs. I have also moved the tabs around and color coded them in to what looks to me to be like analytes. So all of the gasses are next to each other and color coded the same, the metals are next to each other, etc. Please take another look and let me know if you want any more tabs combined.

Thanks,

Jeff Mosal
